

Due to their relevance for contemporary developments in our society, the topics multilingualism and diversity are of great research importance in both higher education and daily interaction. This conference workshop aims to present, discuss, and look further into the latest international research about these topics. The Summer School: Multilingualism and Diversity Education invites international speakers to enter into a dialogue with students, graduate students, and researchers.

The conference workshop Multilingualism and Diversity Education is a great opportunity for graduate linguists and PhD students to meet their peers, share their work, and further their appreciation for linguistics and language-related studies.

The conference languages will be English and German.

Certificate of Bilingual Teaching and Learning: The Summer School is registered as one of the Wahlpflicht options for the master module of the certificate.

In Cooperation with

Institut für deutsche Sprache und Literatur, Institut für englische Sprache und Literatur, Institut für Interkulturelle Kommunikation und Institut für Psychologie

Arrival
